All technical information set out herein is provided free of charge and is based on technical data which DuPont believes to be reliable. It is intended for use by persons having skill, at their own discretion and risk. The handling precaution information contained herein is given with the understanding that those using it will satisfy themselves that their particular conditions of use present no health or safety hazards. Since conditions of product use are outside of our control we make no warranties express or implied in relation thereto and therefore cannot accept any liability in connection with any use of this information. Nothing herein is to be taken as a license to operate under, or a recommendation to infringe any patents. DuPont™ Tyvek® Air Cargo Covers for Pharmaceuticals must be properly secured to the ULD if exposed to strong winds or turbines while on the tarmac. To maintain efficacy, DuPont™ Tyvek® Air Cargo Covers for Pharmaceuticals must be stored in the original package under dry, normal temperature conditions. New and used covers are expected to deteriorate if not properly protected from heat and humidity for long periods of time. DuPont is not liable for the efficacy of DuPont DuPont™ Tyvek® Air Cargo Covers for Pharmaceuticals beyond a limited period of time, as noted on the product label. DuPont™ Tyvek® Air Cargo Covers for Pharmaceuticals have been designed for one-time or limited use in line with sanitary regulations and pest management best practices. Sufficient pre-cooling and correct temperature management from start of the cool chain is essential for optimum performance. DuPont is not liable for product damage during the use of the cover.
